

# Viper Shot Blasting Services Ltd

## **Environmental Policy Statement**

This policy meets the requirements of ISO 14001:2015 specification for Environmental policy statements. This document covers all aspects related to environmental aspects and applies to all the company's operations. It will be communicated to all persons under the control of the organisation, will be available to all interested parties and will be regularly reviewed.

*To meet our purpose, we will:*

- Implement and maintain measures to address customer and applicable statutory and regulatory environmental requirements.
- Be committed to a strategy of recognizing and reducing environmental impacts over which it has control and influence, both locally and globally in relation to its activities in the manufacture of battery solutions.

*The company shall progress towards meeting environmental objectives through:*

- Recognition, evaluation and monitoring of environmental aspects and impacts
- Providing an environment that encourages a responsible use of our resources.
- Commitment to continual improvements in its environmental performance in reduction of those impacts by setting appropriate objectives.
- Commitment to complying with our compliance obligations including relevant environmental laws and regulations and with other requirements to which the organization subscribes.
- Setting and reviewing environmental objectives and targets for the improvement of its environmental performance.
- The company shall review this document at planned intervals and set objectives for reducing energy consumption and waste which will reduce our environmental impact.
